“The Christians have spread their teachings all over the world, and they have only one book, so we have got already 40, Big books published in English, therefore if we distribute, as you are distributing we cannot even imagine the result.”

--Letter to Tamal Krsna Maharaja, December 18, 1975

“Keep distributing as many as possible in huge quantities. This is my pleasure. We must make a large propaganda program for Krsna consciousness by distributing these books everywhere, all over the world... If we can get the masses in the Western countries like Europe and America to become Krsna conscious, then all the rest of the world will follow. That is a fact. So please, I beg you, continue distributing my books in this way and Krsna will pour His blessings upon you all.”

--Letter to Ramesvara, December 31, 1974

“That is the process of the International Society for Krishna Consciousness. Each and every member of this Society was rescued from a very abominable condition, but now they are engaged in preaching the cult of Krsna consciousness... If one wants to be recognised as a devotee by Krsna, he should take to preaching work, following the advice of Sri Caitanya Mahaprabhu. Then one will undoubtedly attain the lotus feet of Sri Krsna Caitanya, Lord Krsna Himself, without delay.”

--CC Madhya 7.148 (p74)

“I think especially that England is the best field in the world for distributing our books, as good or better than USA...”

--Letter to Revatinandana, April 2, 1972

“Sankirtan Party and distribution of our magazines and books is our real program. Other things are secondary. So during the summer time you should utilize this program of Sankirtan and book distribution vigorously. Attention diverted to incense business is not a very good sign. We should give all our energy for distributing BTG.”

--Letter to Satsvarupa, June 21, 1971

“You should give much effort for book distribution, it is such a valuable service. Simply if one will read our Krsna book, TLC, NOD, and Bhagavad Gita As It Is, he will surely become a Krsna conscious person. So somehow or other distribute these books, either in schools and colleges, libraries, through life membership, bookstores, or whatever else you think they might be accepted. Do so with enthusiasm and determination and Krsna will surely help you.”

--Letter to Nityananda, April 1, 1971

“So far as book distribution is concerned, this program should also be given much energy.”

--Letter to Tulsi das, February 24, 1971
